As Soon As You Have Them Available, Please Send Us the Following Items:

- The agenda of the conference / meeting
- Past conference / meeting brochures
- Information about the company / organization (corporate report, history of organization, publications and newsletters, etc.

We Guarantee Tahar's Performance If...:

- The audience is not exhausted, drunk or been up all night (this frequently happens the last day of the incentive trip).
 - The size of the room is appropriate to the size of the audience. It is better to have them squeezed in tight than have a ballroom that is too big (hotels typically do not set chairs close enough to build rapport. Chevron style setup is preferable.).
 - The room is well lit, the sound system works and the audience is close to the speaker.
 - There is a riser so Tahar can be seen by your audience.
